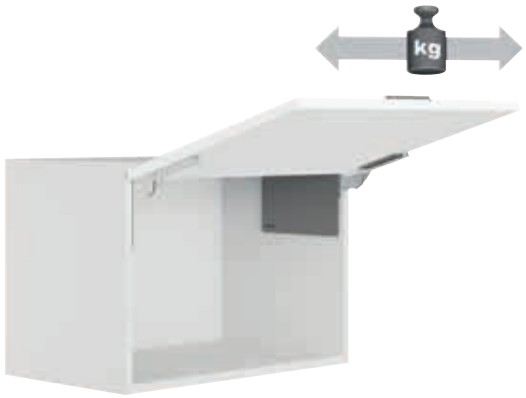
FREE SLIM

Häfele Free Slim flap stay flap fitting - thinking differently creates space. For wooden flaps or flaps with aluminium frame.

- High flexibility due to symmetrical design - fitting can be installed on the left and right hand side
- Requires little space inside the cabinet – only 8 mm wide (10 mm with cover cap)
- Suitable for screw fixing to inner side of the cabinet or for recess mounting on the outside of the cabinet
- For standard applications with handle (Free Slim flap 1.12) or handle-free Push-to-Open (Free Slim flap 1.10 push)
- Adjustable opening angle 90° or 107°
- Only one standard fitting for the entire application range of 1–12 kg flap weight with reference cabinet height of 400 mm
- Excellent running and operating convenience
- With patented U-spring technology
- LGA tested
- Available in four colour variants: white, light grey, anthracite and black

More free space in use

Easy planning and installation



- Load bearing capacity up to 12 kg with cabinet height 400 mm
