Old number for part number 781.06.503 is 781.06.502 +

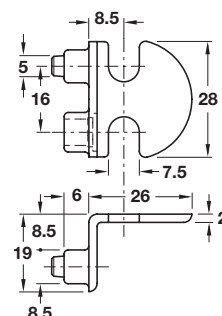

Old number for part number 781.06.303 is 781.06.302 +

Mounting instructions for visible rear panels

- Assemble the rear panel brackets in the series of holes in the upright profile
- Transfer the dimensions to the rear panel, drill the holes and screw in the special Varianta screws
- Hang the complete rear panel with pre-mounted brackets into place
- To obtain uniform gaps, use the same dimensions as for the doors (8 mm)

Cut to size dimensions for rear panel: interior cabinet dimension + 11 mm

D ASP rear panel bracket

- With plug and screw hole for mounting in upright profiles
- Should always be used if rear panels are visible
- Nickel-plated zinc alloy

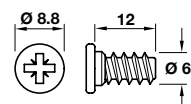

| | Cat. No. |
