Order qty: 1 pc

#### Shop Drawer

The Shop drawer is particularly suitable for use in shopfitting. Low panel heights starting from 64 mm allow the Shop drawer to be used where many items have to be stored in a confined space. High-quality full extension runners are used which are self closing, making the drawers easy and comfortable to use.

Partitions and dividers can be arranged in many different combinations to product the perfectly organised drawer.

All individual parts can be combined:

- Drawers
- Runners
- Inserts
- Gallery rail
- Dividers and partitions
- Locking systems

Further information is shown on pages 30-31 or please contact us.

Compartment sizes can be adapted to your requirements using dividers and partitions.

Slotted dividers that are suitable for any installation depth.
