

Solid timber worktops

Worktops are delivered raw sanded to 150 grit surface finish, square edged, ready for finishing.

Oil is required to treat the wood before use; the oil enhances the natural grain of the wood and gives it a water resistant seal.

Timber worktops are very hygienic and naturally resistant to bacteria.

The colour of the wood will change over time, giving a beautiful matured look.

Every effort has been made to ensure the timber used in these worktops comes from sustainable and carefully managed forests.

Please note: Do not allow liquids to remain on the worktop for any period of time - oil is water resistant and not water-proof. Always use pan stands or hot rods to protect the worktop from rough, hot, wet or dirty pots and pans. Always use cutting boards; do not cut directly onto the worktop surface.

Timber worktop display stand

- Set consists of:
 - 1 each of Walnut 200 x 145 x 60 mm, Prime oak 200 x 145 x 27 mm, Tiger walnut 200 x 145 x 40 mm, Maple 200 x 145 x 40 mm, Wenge 200 x 145 x 40 mm, Prime beech 200 x 145 x 40 mm, Cherry 200 x 145 x 40 mm, Rustic oak 200 x 145 x 40 mm, Rustic beech 200 x 145 x 40 mm, Iroko 200 x 145 x 40 mm
