

### Radio sentry locking system

- For use with FLC furniture lock cases shown on page 61 and EFL 3 shown on page 62
- Power supply **E** suitable for max. 16 FLC furniture locks
- Order radio transmitter **A**, switch **B**, power supply **E** and distributor **C** separately

#### **A** Radio transmitter

- 3 button 3 code transmitter
- Powered by readily available internal batteries
- Pre-programmed coding
- Cased in high quality ABS / PVC

Finish	Cat. No.
Black	237.56.101

Order qty: 1 pc

#### **B** Switch, radio controlled

- Consists of:
  - 1x receiver channel
  - 1x secondary extension lead, 500 mm length
- Maximum 30 users

Finish	Cat. No.
Dark blue	237.56.102

Order qty: 1 set

#### **C** Distributor, 12V/6A

- Plug with six 12V couplings

Colour	Lead length	Cat. No.
White	200 mm	823.28.780

Order qty: 1 pc

#### **D** Extension cable for secondary side

- For power supply to output extender
- With AMP plug and socket
- Load carrying capacity 12V/6A
- Black plastic

Lead length	Cat. No.
1 m	823.28.318
2 m	823.28.327

Order qty: 1 pc

#### **E** Diallock power supply

- Dimensions (height x width x length): 30 x 42 x 105 mm
- Input: 100-240 V AC. Output: 12V DC
- AMP-connector for connecting up to 3 DFTs, MLA8, relay units, output extenders
- For internal use only
- 1.35 m output cable and 1.8 m mains cable included
- 1.8 m mains lead with standard plug **830.30.300** must also be ordered separately
- Black plastic

	Cat. No.
Power supply	237.58.140
Mains lead	830.30.300

Order qty: 1 pc
