

WOODEN CUTLERY INSERTS

Expanding two layer design, ideal for in-framed or bespoke kitchens.
Made of solid European oak or light beech, clear lacquered.

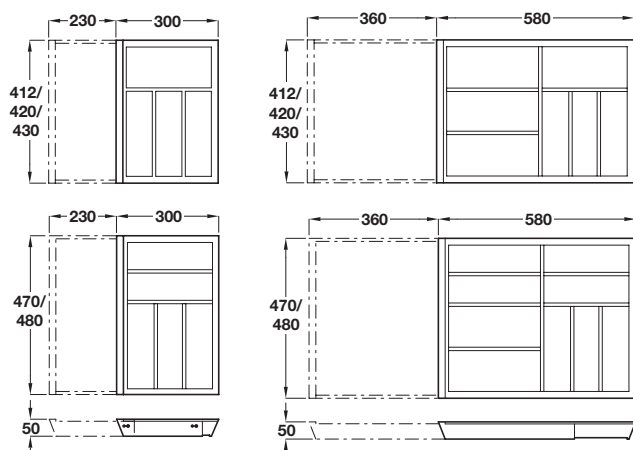

- > Suitable for 400*-600 mm or 800-1000 mm drawer widths (*450-600 mm if framed unit used)
- > Insert has two layers - bottom layer slides out to fit drawer width
- > Layers can be screw fixed together in preferred position using screw hole at front and back of drawer insert, if required
- > Note: Bottom layer only slides out in one direction, as shown
- > Two depths and two widths available
- > Clear lacquered oak or beech

eXTray expanding cutlery insert
