

Sensomatic opening system for single drawers

- > Single set includes all components necessary for installation
- > Ideal for heavy pan drawers and waste bin drawers
- > This electro mechanical opening system is triggered by a light touch anywhere on the surface of the front which causes drawers to glide evenly and smoothly
- > Available for use with Dynapro dynamic runners or Nova Pro drawer systems
- > For use with one drawer up to 1200 mm wide
- > Easy to fit
- > Simple plug and play wiring
- > Small installation depth
- > Frame set must be fixed securely
- > 1. Opening unit, for either Dynapro or Nova Pro drawer systems, grey plastic
- > 2. Frame set, for 1 drawer installation, steel
- > 3. Power supply, Input 100-240V, 50-60 HZ, Output 24VDC, max 120W black plastic, with mains cable, 2000 mm lead length, black
- > 4. Door buffer, spring loaded, Ø 5mm, with 3 mm front gap, grey plastic with spring mechanism
- > Order qty: 1 set
