

## Sealing tape

- > 50 mm x 10 m
- > Flame retardant
- > Order qty: 1 pc

	Cat. No.
Sealing tape	565.30.890

## Alu-flexihose

- > Flame resistant properties of aluminium combine with the strength of polyester making this the ideal hose for cooker hood installation
- > Will prevent the spread of flames in cabinets
- > Fits threaded hose connectors
- > Polyester reinforced aluminium hose
- > Length: 1 m
- > Order qty: 1 pc

System	Length	Cat. No.
System <b>4</b>	1000 mm	565.30.810
System <b>5</b>	1000 mm	565.30.812

## Flat flexi-hose

- > In a rectangular configuration to assist fitting at awkward angles or levels.
- > Will connect to flat duct but must be securely attached with sealing tape
- > Flame retardant white PVC
- > Length: 3 m
- > Order qty: 1 pc

System	Cat. No.
System <b>4a</b>	565.30.791
System <b>5a</b>	565.30.793
System <b>6a</b>	565.30.795

## Cooker hood connector to flat duct

- > Connects flat duct to cooker hood outlet
- > Flame retardant white material
- > Order qty: 1 pc

System	Cat. No.
System <b>4a</b>	565.30.824
System <b>5a</b>	565.30.822

-  > System **4** = aprox Ø 100 mm (internal dimension)  
 > System **5** = aprox Ø 120 mm (internal dimension)  
 > System **6** = aprox Ø 150 mm (internal dimension)
