

JASON BOTTOM-ROLLING SLIDING DOOR SYSTEM

Bottom rolling system for cupboard, wardrobe or similar domestic and light commercial doors, single or multiple track runs. Ideal for serving hatch type applications.

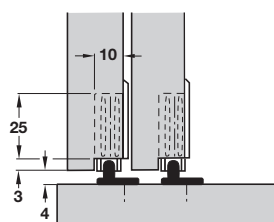

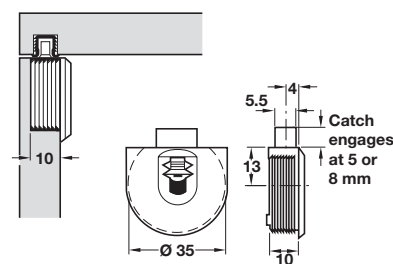

- > Jason bottom rolling sliding door system
- > Range:
 - Max. door weight **25 kg**
 - Max. door height **1500 mm**
 - Max. door width **1000 mm**
- > Recommended door construction:
 - Min. door thickness 12 mm solid
 - Min. width one third height to maintain door operation stability
 - Handle, just over half height for best results
- > Fixing: Top channel soffit fixed. Floor track recessed or surface-mounted. Side fixing rollers suit 12 mm doors minimum. Close clearances need to be maintained to ensure correct operation. Position rollers close to edge of door
