This version of HAWA-Junior 80/B, compared to the standard HAWA-Junior 80/B has been modified with the following enhanced features:

- > Low headroom applications:
 - Around 1 mm gap between lower side of top track and top side of sliding door is now possible for a more pleasing appearance
- > Height can easily be adjusted from the leading edge without needing to remove the suspension unit
- > Very easy and efficient installation due to pre-fitted hanger bolt, integrated wedge mechanism and cover cap

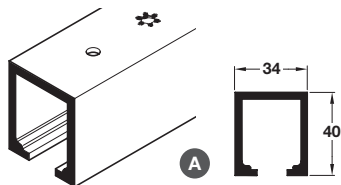

- > Tracks and fitting sets must be ordered separately, shown on page 39
