

SMEG LINEA INSET MOUNT SINK AND TAP SETS

This Smeg Linea sink comes with a retractable tap which makes it ideal for installation under a window. Simply retract the tap and slide the black glass chopping boards across to create more work surface as well as allowing the window to open fully.

- > With retractable tap and black glass/stainless steel reversible sliding chopping boards
- > Simply push the tap down and slide the chopping boards across to create a seamless work surface
- > Ideal for placement underneath a window
