

## FESTOOL CLEANTEC CT 36 AC HD DUST EXTRACTOR

The CT 26/36 AC HD is a heavy-duty tool and in its element when there is an abundance of dust, for example when working with masonry renovators and diamond grinders. The automatic main filter cleaning system flushes the main filter regularly ensuring a constantly high suction power.

- > AUTOCLEAN automatic main filter cleaning system for consistently high suction power
- > Extremely robust design with large wheels and steel axis for use on the construction site
- > Optimal for power tools with socket outlet and automatic switch-on with start-up and shut-down delay, as well as infinitely variable extraction power control
- > With a new suction hose: Smooth and flexible – with a smooth exterior which allows it to slide over surfaces perfectly

Festool CLEANTEC CT 36 AC HD mobile dust extractor

CTM 36 E AC

### Technical data:

- > Voltage: 240 V
- > Power consumption: 350-1200 W
- > Max. volume flow: 3.900 litres/min
- > Max. vacuum: 24000 Pa
- > Filter surface area: 6.318 cm<sup>2</sup>
- > Rubber insulation mains cable: 7.5 m
- > Container/filter bag capacity: 36/34 litres
- > Dimensions L x W x H: 673 x 365 x 522 mm
- > Max. appliance socket connected load: 2400 W
- > Weight: 15.2 kg

### Product features:

- > Antistatic function - prevents static charge from accumulating
- > Smooth suction hose - with a smooth exterior which allows it to slide over surfaces perfectly
- > Electronic - speed control for adjusting to all types of materials
- > AUTOCLEAN automatic main filter cleaning system with infinitely adjustable cleaning intervals.
- > Supplied with: high-performance main filter, SELF CLEAN filter bag, disposal bag, smooth suction hose Ø 36/32 x 3.5 m AS with rotating connecting sleeves, comfort clean closing slide, Accessory case, in carton
- > Order qty: 1 set

System accessories are shown on pages **60-1171** and **1172**
