

FESTOOL ISC 240 CORDLESS INSULATING-MATERIAL SAW

The Festool ISC 240 saw is specifically designed for cutting insulating material, whether made of mineral fibres, natural fibres or PUR insulating boards. The saw is mobile, efficient and extremely versatile, for working on roofing, scaffolding or flooring; making it the best possible solution for anyone wishing to insulate housing with the minimum of effort.

- > For precise and fast cutting of flexible mineral and natural fibre insulating materials as well as PUR insulating materials
- > Balanced design and low weight for maximum comfort, even in one-handed operation
- > Cuts insulating materials effortlessly, up to 350 mm cutting depth
- > Tool free replacement of cutting sets
- > Li-HighPower battery pack included: 20% lighter and 50% more compact than a 5.2 Ah standard battery pack

Festool ISC 240 EB Basic-4.0 cordless insulating-material saw, with battery pack, in Systainer SYS3

Technical data:

- > Battery voltage: 18 V
- > Stroke rate 3000 RPM
- > Cutting depth: 240 mm
- > Stroke length: 26 mm
- > Dust extraction connection: Ø 27 mm
- > Li-Ion battery capacity: 4 Ah
- > Weight with Li-Ion battery: 2.4 kg

Product features:

- > Electronic - speed control for adjusting to all types of materials
- > Guide system- for safe guidance of saws and router bits
- > EC-TEC - drive generates an extraordinary amount of power while consuming extremely low amounts of energy
- > FastFix - makes changing tools easier
- > CLEANTEC - bayonet fitting connects the extractor and the tool
- > Li-ion - High performance lithium-ion (Li) battery pack
- > Airstream battery - faster reuse due to cooling function and increased charging capacity
- > Bluetooth®: Dust extraction starts automatically when connected to a mobile dust extractor, when the driver is switched on
- > Supplied with: Adapter table, guide rail slide and 1 HighPower battery pack BP 18 Li 4,0 HPC-ASI, in Systainer SYS3 M 187
- > Order qty: 1 set
