

FESTOOL CIRCULAR SAW + TAPE MEASURE, PICA PENCIL

With an unprecedented working speed the TS 55 now saws at up to twice the speed, with a concentrated torque and new generation cutting blades, guaranteeing perfect cutting quality with maximum cutting performance. The splinter guard and extraction system perfectly match the machine and ensure this is a top class sawing system.

- > For precise circular in materials up to 55 mm thick, cutting interior doors to length using guide rail and circular saw, manufacturing expansion joints in parquet flooring and false joints, cutting chipboard to size, cutting and processing plasterboard
- > Concentrated torque and up to twice as fast work progress with an increased saw blade service life
- > Virtually splinter-free on both sides thanks to attachable splinter guard
- > The cutting edge from 90° to 47° remains unchanged even when the saw swivels
- > Guide wedge for safer work and simple positioning in existing joint
- > Angle adjustment with undercut function from -1° to 47°

Festool TS 55 FEBQ circular saw, with measuring tape and PICA pencil, in Systainer SYS3

WITH FREE
TAPE MEASURE
AND
PICA PENCIL

Technical data:

- > Power consumption: 1200 W
- > Idle engine speed: 2000-5800 min⁻¹
- > Saw blade diameter: Ø 160 mm
- > Inclination: -1 - 47°
- > Cutting depth: 0-55 mm
- > Cutting depth at 45 °: 0-43 mm
- > Dust extraction connection Ø d/e: 27/36 mm
- > Weight: 4.5 kg

Product features:

- > Antistatic function: Mobile dust extractors and tools with the antistatic function to prevent static charge from accumulating when working For drilling into concrete, stone and masonry
- > Splinter guard: Patented splinterguard for splinter-free cuts on both sides when sawing
- > Guide system: Patented guide system for safe guidance of saws and router bits
- > Plug it: Removable, replaceable mains cable with safety lock for quick conversion
- > MMC Multi Material Control electronics: Power electronics with constant adjustable speed and temperature monitor for work on all types of material
- > FastFix: Makes changing routing, sawing, planing, sanding, drilling and screwdriving tools easier
- > CLEANTEC: Integrated bayonet fitting as the connecting element between the extractor and the tool
- > Quick-acting brake: For safe work when planing, sawing and routing
- > Supplied with: Fine cut wood saw blade HW 160 x 1.8 x 20 WD42, guide rail FS 1400/2 (see table below), splinterguard, flag window; vision panel, MB 5 m tape measure and MAR-S PICA pencil,in Systainer SYS3 M 337
- > Order qty: 1 set
