### Functions

**Touch controls:**

Easy to use touch controls allow the appliance to be programmed at the touch of a button.

**Time elapsed:**

shows how long the cooking zone has been in use

**Power booster:**

option allows the zone to work at full power when very intense cooking is necessary.

**Timer:**

All ceramic hobs have a timer which automatically ends cooking after a preset time.

**ECO-logic:**

option allows you to restrict the power limit of the appliance real energy saving.

**Ultra low:**

option is ideal for melting chocolate or butter or simply to keep food warm.

**Quick Start:**

When the Quick Start function is selected, the chosen temperature is reached faster. The heating element works at maximum power until the right temperature is reached.

**Child lock:**

some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.
