Functions

Load capacity 7Kg:

Drum has maximum capacity of 7kg of dry laundry.

A:

Product energy rating, measured from A+++ to D / G depending on the product family.

LCD display:

to show programmes, functions and options selected and the time to the end of the cycle.

Delay timer:

can be set to run the programme at a convenient time or to take advantage of off-peak energy periods.

FlexiTime:

The FlexiTime option allows the user to reduce the time of the cycle selected, providing extra flexibility and control.

Easy Iron:

this is an option which can be selected to ensure the finished laundry is left with less creases to make ironing easier.

Total acquastop:

the product is built with 3 levels of anti-flood devices to ensure protection against water leakage.

FINGER-FRIENDLY STAINLESS STEEL:

The st/steel material used on the exteriors of Smeg dishwashers has a finger-friendly finish to assist in maintaining the surfaces in a pristine condition.

Super fast 15 min:

a programme designed to wash small amounts of laundry fast, ideal for washing lightly soiled garments.

Shirts:

a cycle to wash shirts in a short time with the utmost care, using a delicate spin for easy ironing.

Gym:

a cycle designed for washing lightly soiled garments, ie sports wear, this is a fast wash which is also kind to fabrics.

Wool:

this programme for wool or delicate fabrics uses slower rotations of the drum to ensure the utmost care for clothing.

Mixed fabrics:

this cycle is designed for lightly soiled laundry in a mix of cottons and synthetics, or can be used just to refresh stored items.

Night:

an ideal programme for those who want to take advantage of off-peak energy periods, this cycle is particularly quiet due to slower rotations of the drum.

Cleaning programme:

A cleaning programme has been created to maintain the performance of washer/dryers. The display shows automatically when cleaning is required.
