

LOOX 12V COMPATIBLE SOUND SYSTEM 105

Exclusive Häfele sound system 105 with excellent sound quality for concealed furniture. Consists of a Bluetooth® receiver with an integrated exciter speaker (sound transducer). Both are installed within a compact housing that causes different surfaces to vibrate, transforming every piece of furniture into a sound carrier (speaker).

Loox Compatible 12V sound system 105

- > Dimensions (W x D x H): 66 x 25 x 140 mm
- > No separate speaker is required. Installation is quick and easy
- > Amplifier output: Mono, 5W
- > Operating voltage: 12V (Loox system)
- > For screw fixing installation
- > Because it is compatible with the plug-and-play Loox system (driver etc), it's possible to benefit from exciting combination options and synergies for your individual furniture solution
- > Order qty: 1 pc
