

RISING/FALLING BUTT HINGES

Special application hinges; rising hinges cause the door to rise slightly when opened, ideal for an internal door where there is an uneven floor or thick carpet. Falling hinges are more commonly used on toilet doors so the door opens when not locked.

Stainless steel rising butt hinge, 100 x 77 mm

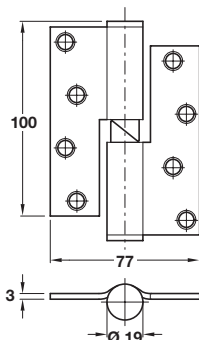

- > Handed - specify clockwise or anti clockwise closing
- > Maximum adjusted door weight 60 kg
- > Minimum door thickness 29 mm
