

VAUTH-SAGEL ENVI KICK

The Envi Kick is a mechanical door opening system for use with any soft and self closing door front fixing system. By pressing down on the pedal a spring loaded plate is released which pushes open the door front and then falls back into place.

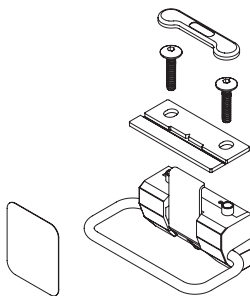

10 YEAR WARRANTY - Delivering German engineering excellence

Covering their full range, the warranty gives you and your customers complete peace of mind when purchasing Vauth-Sagel products.

You can find further information on our website www.hafele.co.uk/vauth-sagel

VS ENVI Kick foot operated door opener, for door front fixing cabinets

- > A system for the soft and easy opening of all front pull-outs such as the VS ENVI Space, ENVI Space XX and ENVI Fit. The ergonomically designed pedal opens the waste bin system fully with minimal effort. The opening mechanism then returns automatically to its starting position
- > For door front fixing cabinets
- > Hygienic solution - simple and hands-free door opening using foot pedal
- > Minimum plinth height: 70 mm
- > For all front pull-outs for example VS ENVI Space, ENVI Space XX and ENVI Fit with self-closing and soft-closing
- > Easy installation with installation template provided with the kit
- > Minimum required space under the waste bin systems or drawers
- > Retrofit in any pull-out system with front opening possible
- > Pedal is returned to starting position by a spring
- > Virtually silent
- > No scratching to the front
- > Includes pedal with spring, counterplate and spring-loaded roller arm
- > Matt chrome-plated wire pedal, grey plastic case
- > Order qty: 1 pc
