

SMEG BLENDER

Smeg's award winning blender has a die-cast aluminium body and a premium lightweight Tritan jug. The 800W motor makes light work of frozen fruit, ice and nuts, while the 1.5 litre jug has plenty of capacity for soups and smoothies. A clever 45 ml measuring cup sits within the blender lid and doubles as a key to remove the blender blade for cleaning. Speed settings are between 0-4 with the top setting reaching 18000 rpm. The soft start ensures speed is built gradually and preset programs to crush ice and smoothies make using this small but mighty appliance quick and easy to use. Available in a choice of seven colours.
