- > Thin splashbacks - 0.9 mm thick Grade 304 stainless steel, brushed stainless steel finish, brushed effect runs vertically
- > Splashbacks - 0.9 mm thick Grade 304 stainless steel wrapped onto 6.0 or 9.0 mm thick MRMDf core (Moisture Resistant MDF), brushed stainless steel finish, brushed effect runs vertically. All edges are folded and unwelded

Storage

- > We recommend that the plastic coating protecting the stainless steel must be left intact until installation is completed

Cleaning and care

- > Chlorides such as bleach or common salt and acids of any kind can damage all grades of stainless steel surfaces. If a spillage occurs rinse immediately and thoroughly with plenty of fresh water and then dry with a soft cloth
- > Metal objects that may rust should never be left in contact with stainless steel
- > To maintain the best appearance of your stainless steel splashbacks, only use warm water and a mild detergent ensuring that the surface is rinsed thoroughly and then dried with a soft cloth
- > Order qty: 1 pc

2 Year
Warranty

> Installation and modification advice

- Leave on the protective film
- Add masking tape to the area to be cut
- Draw out the cutting line
- Drill a hole to fit a jigsaw blade to cut round
- A drop of oil may be needed on the blade
- > Care should be taken when handling and installing these products. For your safety, we recommend that hands are protected from unfinished edges and corners

For help, advice and ordering of bespoke sizes of splashbacks please get in touch with our Technical Sales Team, 0800 171 2908 or technicalsupport@hafele.co.uk

Item	Stainless steel
