

CLICK VENT SYSTEM

Attractive, flexible solution to fill non-standard gaps around built in appliances. Available in white or stainless steel effect finishes.

- > Can be cut to fit any gap up to a maximum 125 x 600 mm
- > Multiple sets can be used together to fill larger gaps
- > Each metal grille strip clips manually onto the fixing strip to complete the grate
- > Metal strips can be attached in either upwards or downwards direction as preferred

Photo shows use of two grilles, cut to reduced height
