

MIRKA® PROS ORBITAL SANDER WITH DUST BAG

Mirka® DEROS 5650CV vacuum random orbital sander

005.11.376

005.11.335 and 005.11.336

- > Ø 125/150 mm
- > MIRKA® DEROS 5650CV (Direct Electric Random Orbital Sander) is the first ever electric sanding machine with a brushless motor.
- > Unlike it's predecessor CEROS it has no external power transformer
- > At 1.05 kg Deros is one of the lightest sanders on the market
- > Soft start function, a built in electronic motor brake and a smooth, easy to operate lever to control motor speed
- > Thanks to its high efficiency brushless motor, the MIRKA® DEROS 5650CV also has a plenty of power to get the job done quickly
- > Performance is comparable to a conventional 500W electric machine and that ensures it maintains a constant speed even under heavy load
- > The unique symmetrical design makes it just as comfortable whether it's being used in the left hand or the right hand and the longer body provides the option of a two-hand grip
- > Equipped with a new type of backing pad, which has a central air inlet. This results in improved air flow and helps extract dust away from the centre of the tool even faster
- > **Technical data:**
 - Weight: 1.05 kg
 - Noise level: 71 dB
 - Power input: 350 W
 - Size of pad: Ø125 / 150 mm
 - Speed: 4000-10000 rpm
 - Voltage main supply (VAC) 220 - 240V
 - Orbit: 5.0
- > **Supplied with:**
 - 1x Ø 125 mm backing pad
 - 1x Ø 150 mm backing pad
 - Case
- > 2 +1* year manufacturers warranty (*subject to online registration)
- > Order qty: 1 set

System accessories and abrasives are available to order separately, see **Sections 1 and 2** of this Directory
