

MIRKA® DEROS II 750 ORBITAL SANDER

The Mirka® DEROS II 750 is a 175 mm direct electric random orbital sander developed for effective and dust-free sanding for large surfaces. The 5.0 oscillation is suitable for general purpose sanding, it is the oscillation most commonly used and achieves a good balance between stock removal and surface finish.

- > The large 175 mm sanding pad allows for quicker and flatter sanding of large surfaces. And with a larger pad, there is subsequently increased vacuum pressure, enhancing overall performance.
- > A compact and easy-to-use electric sander. The next generation Mirka DEROS II continues the story of the successful orbital sander with numerous improvements for the user. The low-profile and lightweight Mirka DEROS sander is well known for its leading ergonomics and balanced feel, with operator comfort at a high standard. Mirka DEROS II can be used for long periods without fatigue due to its low noise level and low vibration values. The new design makes it even easier for the operator to adjust the sanding speed: in addition to the easy-to-operate lever for adjusting sanding speed, the Mirka DEROS II also features clearly visible LED indicators for the speed selector and a separate on/off switch. Thanks to the long-life and high efficiency brushless motor, the Mirka DEROS II maintains a consistent speed and can effortlessly tackle also demanding jobs and heavy applications.
- > As part of the Mirka dust-free sanding solution, the Mirka DEROS enables efficient dust-free sanding and a Bluetooth connectivity allows seamless integration with the myMirka app for vibration monitoring.

> Features:

- Compact, ergonomic and easy-to-use
- High operator comfort - can be used for long periods without fatigue
- Easy-to-operate lever for adjusting sanding speed with clearly visible LED indicators for RPM
- Enables efficient dust-free sanding
- High-efficiency and long-life brushless motor
- Can effortlessly tackle also demanding jobs and heavy applications
- Bluetooth connectivity and vibration monitoring

Mirka® DEROS II 750 orbital sander, 230V

> Technical details:

- Weight: 1.1 kg
- Noise level: 71 dB
- Power input: 400 W
- Size of pad: ø 175 mm
- Speed: 6000-9000 rpm
- Voltage main supply: (VAC) 220 - 240V
- Orbit: 5 mm
- Vibration Level (m/s²): 2.8 m/s²
- Connectivity: Bluetooth
- Dust System: Central vacuum ready

> Supplied with:

- 1x ø 175 mm backing pad
- > Order qty: 1 pc

Please note that due to variations in the backing pad weight between the DEROS II models, it is not possible to interchangeably use other DEROS II backing pads on the DEROS II 750 or vice versa

System accessories and abrasives are available to order separately, see **Sections 1 and 2** of this Directory
