

MIRKA® DEOS II ORBITAL SANDERS

The Mirka® DEOS II orbital sanders are powerful yet compact, with a very low profile that gives a high level of manoeuvrability. Integrated vibration sensors makes it possible to view the level of vibration using the my Mirka® app using an in-app purchase.

- > Compact, low profile and ergonomic design giving a high level of manoeuvrability for precise and efficient sanding
- > Primarily designed for the wood and furniture construction industry, it's design allows for sanding into corners and tighter angles that other circular sanders can't reach
- > Smaller size and low profile build
- > Comfortable grip
- > LED indicator on RPM speed selector
- > Easy to operate lever to control motor speed
- > 300W brushless motor technology
- > Separate on/off switch for easy and safe handling
- > Features an integrated vibration sensor and Bluetooth low energy technology
- > The vibration sensor makes it possible to view the current vibration level through the my Mirka® app; an in-app purchase allows the follow-up of daily vibration exposure
