

MIRKA® ABRANET MAX NET ABRASIVE BELTS

Developed for tougher and more demanding sanding applications.

2

Abrasives, Blades & Bits

Mirka® Abranet Max narrow abrasive sanding belt, pack of 10

- > Suitable for a broad variety of sanding applications, especially developed for the wood industry, also suitable for applications where water is used as cooling agent
- > Tough aluminium oxide grain gives a high cut rate on harder wood types and materials
- > Symmetric net structure enables an efficient cut and stock removal and does not easily clog up on resinous wood types or soft materials; sanded surfaces stay cooler and avoid burning
- > Lower pressure is needed and a more consistent surface finish means minimal quality variations in the process when sanding
- > Extreme long lifetime compared to conventional abrasive belts
- > 100 x 610 mm
- > Resin over resin bonding
- > Closed coating
- > Brown aluminium oxide
- > PA-net backing
- > Order qty: 1 pack (= 10 pcs)
