

MIRKA® GALAXY PAPER ABRASIVE DISCS AND STRIPS

Mirka® Galaxy is a highly effective abrasive with a long use life, due to its self-sharpening ceramic grain, clogging resistant coating and Multifit™ hole configuration. Multifit™ means it can be placed on any machine without the need to specifically align it.

2

Abrasives, Blades & Bits

- > Suitable for all wood sector applications, as well as automotive, marine, industrial and more
- > The ceramic grains of the Galaxy are engineered not to dull - once the edge of the abrasive grain breaks off it simply forms new edges, continuing to cut from edge to edge
- > Self-sharpening ceramic grains give a long life and a fast cut
- > The scratch pattern of finer grits is especially easy to polish out

Mirka® Galaxy Multifit Grip abrasive sanding discs, Ø 150 mm

- > Suitable for sanding both soft and hard materials as well as various substrates thanks to its excellent clogging resistance and dust repellence
- > Self-sharpening ceramic grain
- > Clog resistant coating
- > Multifit™ hole configuration
- > Backing: Polyester film
- > Bonding: Low VOC resin system
- > Coating: Semi-open
- > Grain: Ceramic/Aluminium oxide
- > Colour: Blue
- > Fixing method: Grip (hook and loop)
- > Order qty: See table below

Grit grade	Cat. No.	Order qty
