

Trend Craft Pro guided 90° trimmer, 1/4" shank

- > Shank Ø: 1/4"
- > Two flute carbide TCT tips for clean, professional finish on timber, plastic laminates and veneers
- > Bottom bearing guide for following an edge to trim laminates and veneers for a professional finish
- > 6.3 mm diameter to follow more intricate curves. 25.4 mm cutting depth for replication of thin components with templates
- > PTFE coating to minimise heat and resin build up for increased cutter performance and longevity.
- > 1/4in shank for easy control in smaller routers with 'K' mark shank to ensure safe working practices.
- > Tip material: Tungsten carbide
- > Order qty: 1 pc

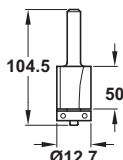

Diameter	Usable length	Cat. No.
Ø 6.3 mm	25.4 mm	000.00.449

Trend Craft Pro bearing guided 90° trimmer, 1/2" shank

- > Shank Ø: 1/2"
- > 50 mm cutting depth for replicating thicker components with templates; ideal for heavier joinery and furniture work
- > Bottom bearing guide for following an edge to trim laminates and veneers for a professional finish
- > Two flute carbide TCT tips for clean, professional finish on timber, plastic laminates and veneers
- > PTFE coating to minimise heat and resin build up for increased cutter performance and longevity.
- > 1/2in shank for use in bigger routers and heavier applications with 'K' mark shank to ensure safe working practices.
- > Tip material: Tungsten carbide
- > Order qty: 1 pc

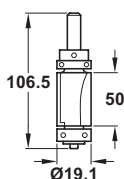

Diameter	Usable length	Cat. No.
Ø 12.7 mm	50 mm	000.00.450

Trend Craft Pro double bearing guided 90° trimmer, 1/2" shank

- > Shank Ø: 1/2"
- > Top and bottom bearings allows the work to be fed with bottom or top template to prevent tear out on short grain for a premium finish
- > 50 mm cutting depth for replicating deep profiles cleanly and professional. Double bearing is ideal for router table work
- > Two flute carbide TCT tips for clean, professional finish on timber, plastic laminates and veneers
- > PTFE coating to minimise heat and resin build up for increased cutter performance and longevity
- > 1/2" shank for use in bigger routers and heavier applications with 'K' mark shank to ensure safe working practices
- > Tip material: Tungsten carbide
- > Order qty: 1 pc

Diameter	Usable length	Cat. No.
Ø 19.1 mm	25.4 mm	000.00.451
