

Fitter's Mate Load & Go attachment

- > Load & Go is an attachment that will slot onto a Fitter's Mate unit, this will enable you to move large items much more easily when you are on site
- > Load & Go allows you to move the following products on your own; fridge freezers, fridges, washing machines, dishwashers, ovens, cabinets without legs, large boxed items
- > Two full height silicon strips on each side on the back plate and one silicon strip on the front of the toe plate to assist in grip/nonslip and to protect the goods being moved
- > Best practice is to have the wheels in the front hole positions (closest to the two support brackets) when using your Load & Go, this will give you the optimum lifting angle
- > No assembly needed, slots easily over the Fitter's Mate
- > Black steel
- > Order qty: 1 pc

Please take care when lifting heavy objects

Fitter's Mate kitchen cabinet truck 003.74.700 must be ordered separately, shown on page **3.32B**
