

FESTOOL T-LOC WORKCENTER

Attached to Festool mobile dust extractors without tools via a Systainer interface (Classic or T-LOC), the WCR 1000 Workcenter turns any Festool mobile dust extractor (except CT 15) into a mobile, individually configurable compact workstation.

Festool WCR 1000 T-LOC workcenter

- > Compact and mobile – the WCR can be connected any Festool mobile dust extractor with an integrated Systainer interface (Classic or T-LOC)
- > Flexible equipment – hooks for hanging two machines with extractor hoses, a universal holder, storage compartment and rotating storage tray for sundries
- > Individual extension – additional storage trays, hooks or holders can be mounted on the perforated plate and profiled groove
- > Work without straining your back – the height of the Workcenter, hooks and storage trays is easy to adjust
- > Storage shelf for placing sundries incl. screwdriver holders and 2 rails
- > Infinitely variable height adjustment for individual adaptation of the height to the working conditions
- > Double tool hook and universal hook for holding tools and extractor hoses
- > 4 eyelets for hanging cloths and washing bottles
- > Grooved profile allows the attachment of individual accessories using the keys provided
- > Not compatible with high-pressure mobile dust extractors
- > Dimensions (L x W x H): 1050 x 362 x 545-785 mm
- > Size of square hole pattern: 9.2 x 9.2 mm
- > Inner hole distance: 38 mm
- > Weight (without accessories): 10.2 kg
- > Order qty: 1 set
