

Festool Systainers SYS3 DF M

SYS3 DF M 137

SYS3 DF M 187

SYS3 DF M 237

- > Systainer³ combines workshop and construction site: Festool, TANOS and bott have collaboratively developed a mobility system that brings the workshop and the construction site closer together, perfectly integrated into Bott vario3 vehicle equipment
- > Tool underneath and accessories on top. With lid compartment
- > Organised, clearly arranged and within easy reach: The Systainer with lid compartment ensures that you always have the right accessories for any application. In addition, the transparent lid allows you to see everything at a glance. The partitions mean that the compartments can be divided to suit individual needs, whether for long drill bits, saw blades, bits or small parts. The compatible bit and drill bit cases also fit the lid compartment perfectly and are easy to remove.
- > Small parts clearly organised in a transparent lid compartment
- > Maximum flexibility: You can use the partitions to divide the lid compartment in different ways
- > The lid compartment is compatible with BKS SYS3 bit cassettes and drill bit cases
- > Not suitable for Systainer T-LOC bit cassettes and drill bit cases
- > The bit and drill bit cases for lid compartments can also be used separately
- > Compatible with the entire Festool Systainer system – easy to connect and transport
- > Load capacity: 20 kg
- > Without machine insert
- > Order qty: 1 pc
