

### Soudal Soudaseal 240FC white hybrid polymer sealant adhesive

- > Outstanding adhesive performance
- > Permanent elasticity and long term weather resistance
- > High modulus hybrid polymer sealant and adhesive
- > Damp surface adhesion
- > Conforms to ISO 11600 F 20 HM
- > Over-paintable
- > Silicone & isocyanate free
- > XS1 fungicide
- > High chemical resistance
- > Suitable for sanitary applications
- > 290 ml tube
- > Order qty: 1 pc

| Colour | Cat. No.   |
|--------|------------|
| White  | 003.50.723 |

### Soudal Soudaseal MS clear hybrid polymer sealant adhesive

- > Outstanding bond strength on nearly all surfaces, even when damp
- > Crystal clear hybrid polymer sealant and adhesive
- > Remains flexible after curing
- > High modulus, easy to tool
- > Good extrudability, even at low temperatures
- > Over-paintable with water based paints
- > Free of isocyanates, solvents, halogens and acids
- > XS1 fungicide
- > Suitable for sanitary applications
- > 290 ml tube
- > Order qty: 1 pc

| Colour        | Cat. No.   |
|---------------|------------|
| Crystal clear | 003.50.724 |

### Soudal Soudaseal 205FT hybrid polymer sealant adhesive

- > High quality hybrid polymer adhesive with high initial tack
- > High end strength
- > Flexible bonding of most porous and non-porous materials
- > Good adhesion on damp surfaces
- > Remains elastic after curing
- > Highly durable bond with high shear strength
- > Does not contain isocyanates
- > Virtually odourless
- > 290 ml tube
- > Order qty: 1 pc

| Colour | Cat. No.   |
|--------|------------|
| White  | 003.50.722 |
