

INSULATION TAPES

tesa® Professional 53988 soft PVC insulation tape

- > Soft PVC insulation tape for insulating and marking wires
- > The electric insulation tape is a reliable helper for electricians, mechanics and other handymen. It is characterised by its relatively thick base material, a high degree of flexibility and a very good adhesive performance (even on steel and at low temperatures)
- > The PVC insulation tape is not only suited for insulating and marking wires but also for repairs and bundling
- > Ideally suited for electrical applications, e.g. insulating or marking wires
- > Certified according to IEC 60454-3-1 (VDE, IMQ, SEMKO), VOC-certified, RoHS 2.0 and REACH conform
- > Thick backing material (150 µm)
- > High dielectric breakdown voltage (7.000 V)
- > Heat-resistant up to +90° C
- > 15 or 19 mm width
- > 10 or 20 m rolls
- > Order qty: Multiples of 10 pcs
