

JOINT TAPES

tesa® Professional 60101 fiberglass tape

- > Self-adhesive fiberglass tape features the state of the art in joint tape technology
- > With its very strong and flat fiberglass mesh, tesa® 60101 offers durable and long lasting drywall/plaster board joints
- > The excellent adhesion and the very good tensile strength allow one-time application and smooth finished joints
- > Also used for fixing and patching small holes and cracks
- > 90 m rolls
- > Order qty: 1 pc
