

Soudal Silirub 2 low modulus silicone

- > A high-quality neutral, elastic one component joint sealant based on silicones
- > Very easy application
- > Permanent colour, UV-resistant
- > Very good adhesion on many materials
- > Low modulus
- > Excellent acoustic properties
- > For building and construction joints. Top sealing at glazing jobs. Joints with high movement between different building materials. Sealings between treated wood, metal, PVC profiles and glass
- > Can be painted over to a limited extent with many low solvent and water based wood paints
- > 300 ml tube
- > Order qty: 1 pc

- > Do not use on natural stones like marble, granite (staining effect). Use Silirub MA, shown on page 6.8
- > Not recommended for use on PC and PMMA because it can cause crazing (stress cracking) in these materials
