

Unika Solid wood worktop cleaner

- > Use on solid wood worktops
- > A ready to use specially formulated pH7 neutral cleaner. It will remove light grease, fat, cooking stains, food residue etc.
- > pH7 neutral means there will be no surface cleaner build up
- > It is important to use pH7 neutral cleaner on solid wood worktops because it stops a grey soap film (left by multipurpose cleaners) building up on the surface of the wood. The grey soap film stains the wood and can be difficult to remove
- > Non foaming and does not leave smears
- > Cleans worktop safely - non hazardous
- > Biodegradable and solvent free
- > Order qty: 1 pc

Size	Cat. No.
500 ml	562.71.850

Unika Gloss surface cleaner kit

- > Use on gloss surfaces and worktops
- > In just one quick and easy application it polishes leaving gloss kitchen cupboards, appliances, glass, mirrors or chrome surfaces free from grubby finger prints, water marks, dust and light dirt and looking as good as new
- > Unika's gloss cleaner is the only product of its kind that restores a high sheen after every application. Other traditional multi-surface cleaners can be mildly abrasive causing gloss cupboards, for example, to become dull over time
- > A professional grade cleaner which also reduces the rate of static pickup on any surface – reducing the build up of dust
- > Supplied with:
Microfibre cloth
- > Order qty: 1 pc

Size	Cat. No.
200 ml aerosol	562.71.851
500 ml non-aerosol	562.71.853

Unika Solid surface shine

- > Use on Corian and acrylic worktops
- > Specially formulated for use with solid surface and composite worktops
- > A ready to use spray cleaner designed to give the best streak free polish to solid surface and composite worktops
- > Non abrasive so there will be no damage to surfaces
- > A protective cleaner and polish and should be applied weekly to condition your worktop and leave a streak free long lasting shine
- > Leaves a protective barrier against further marks and is a safe non scratch solution
- > Order qty: 1 pc

Size	Cat. No.
