

GRASS NOVA PRO SCALA GLASS INSET PANELS

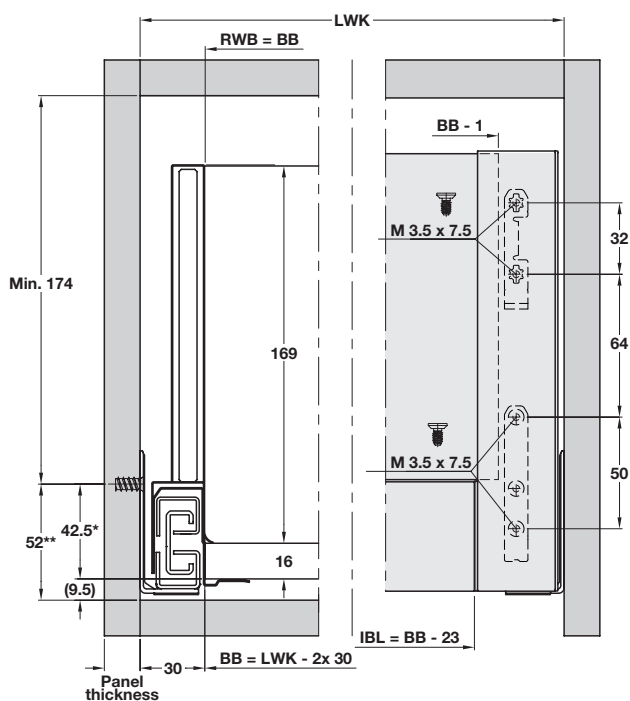

For glass front panels for Grass Nova Pro Scala 186 mm height sides and Crystal Plus sides.

- > NP Scala glass inset panel based on today's F8
- > Continuation of the design language of Scala
- > Low parts complexity and easy to assemble
- > Narrow frame with large slide-in element
- > Slide-in element 6 mm made of variable material (e.g. glass, stainless steel or stone)
- > No processing of the slide-in elements necessary
- > Use of the existing F8 front panel connector
- > Colour of the inset panel is identical to the drawer side (stone or silver)
- > Range of widths 300-1200 mm. Cut to length version shown below for bespoke applications
- > Front panel connectors L for widths 600 mm
- > Stabilisers I for widths greater than 600 mm

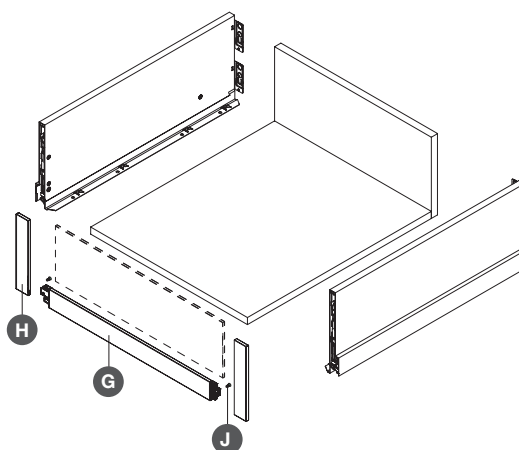

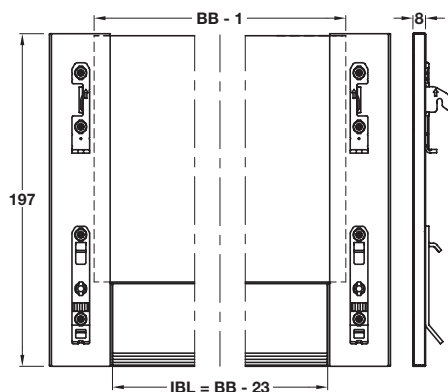

Grass Nova Pro Scala glass inset panels are only suitable for solid sides and crystal pan drawers (not for use on drawers with rails)

*For soft close applications

**For push to open soft close applications
