Smuso soft and self closing mechanism, with follower for wooden drawers

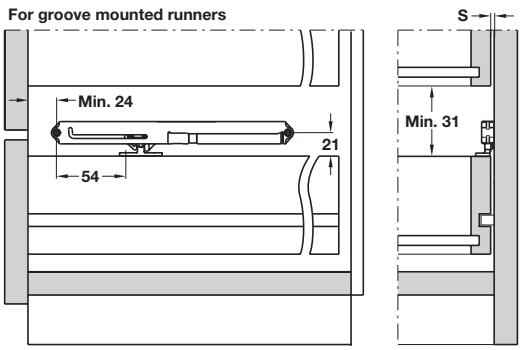

- For use on roller runners, ball bearing runners without retainer retention or groove mounted runners
- Max. 25 kg load bearing capacity with one side installation or 50 kg with two sided installation
- Installation: On one or both sides, soft and self closing mechanism for screw fixing to cabinet side panel, follower for screw fixing to drawer side
- Light grey and black plastic
- Order fixing screws separately
- Order qty: 1 pc

Installation
For roller and ball bearing runners

Gap width S = 12 to 15 mm
Not self closing (without lowering) Y= 21 mm
Self closing Y = 23 mm

For groove mounted runners

Gap width S = 12 to 15 mm

- The installation on one side or both sides is determined by the installation situation (width, depth, running properties and load bearing capacity of the runners)
- Always use 2 soft closing mechanisms for drawers wider than 400 mm or if the drawer's depth exceeds its width
