

Drawer runners, full extension

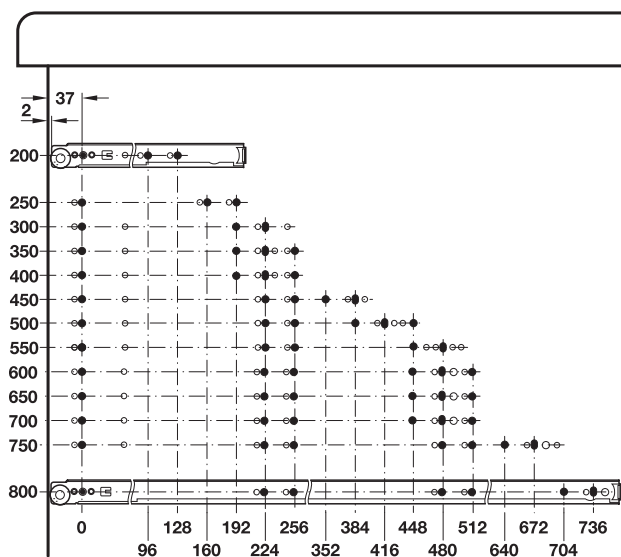

Installation

Over-extension of 20 mm (except 200 - 300 mm lengths)

Drilling pattern

- > Base mounting
- > Self-closing
- > 50 kg carrying capacity
- > Roller action, intermediate profiles have two plastic rollers, one soft. For installed lengths up to 600 mm cabinet and drawer profiles have one plastic roller each. For installed lengths 650 to 700 mm cabinet profiles have one plastic encased ball bearing roller and drawer profiles have plastic roller
- > Special patented reinforcement of intermediate profile. Special patented catch on intermediate profiles allows the drawer to be inserted easily. Locating and locking the catch prevents the drawer profile being disengaged
- > Hold out catch on intermediate profile for ease of drawer insertion
- > Simplified assembly/disassembly of intermediate profile provided by cut outs in the cabinet and intermediate profiles (patented)
- > Dual fixing holes in the cabinet profiles give extra security for carrying the heaviest loads
- > White epoxy coated steel
- > Order fixing screws separately
- > Order qty: 1 pair

Installed length 1	Extension length 2	Cat. No.
