

TABLE TOP SWIVEL FITTING

An ideal solution for small rooms where space is at a premium. This fitting set allows one piece of furniture to have two functions; sideboard and table, without losing any access to the storage space inside the cabinet.

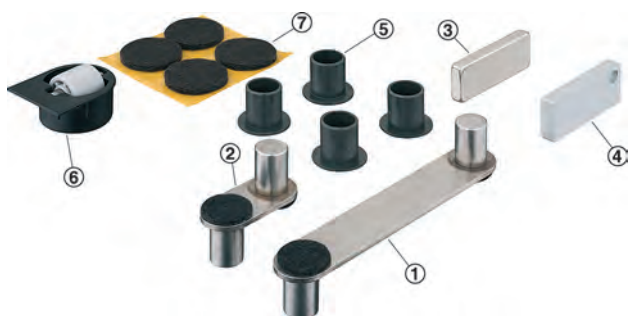

APOLLO® MAGNA SOLID SURFACE

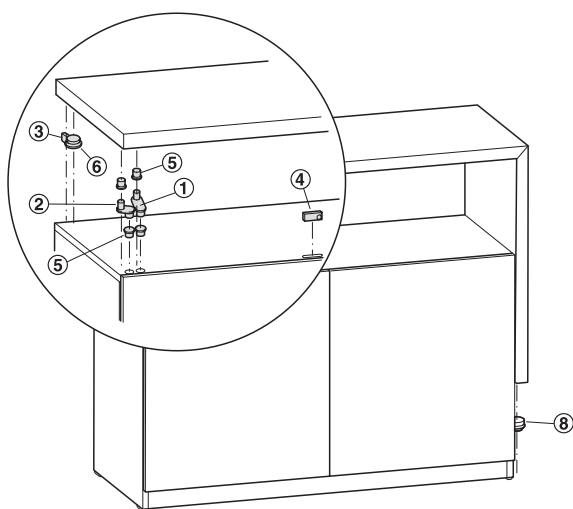

Apollo® Magna is 6 mm solid surface on chipboard core with a 1mm balancer. Magna is stain, water and impact resistant and offers seamless joints with the added benefit that any offending marks and scratches can be simply 'polished out'.

Shown in Section 1 of The Complete Häfele Design 2020.

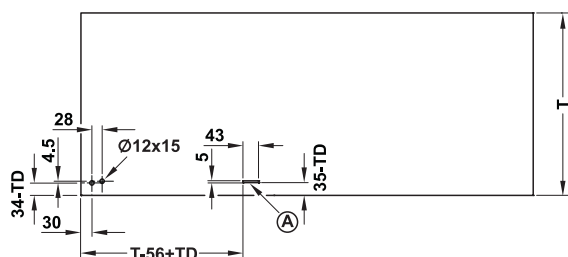

Table top swivel fitting set
