

ALUMINIUM PROFILE FOR SHELVES

Both stylish and functional; this profile is designed to give an aesthetically pleasing look and to strengthen the shelf. Can easily be installed by just snapping into place.

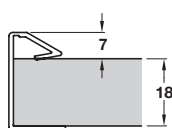

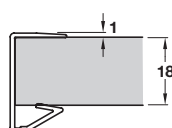

Aluminium profile for shelves

- > Suitable for 18 mm thick wooden shelves. The aluminium profile trims the shelf to give a modern look
- > Also provides reinforcing of the shelves avoiding bending of wider shelves - fitted to the front and rear edge of the shelf
- > Easy to install, simply snaps into place
- > Cut to size
- > Aluminium
- > Order qty: 1 pc (1 pc = 4.1 m length)

Can be used two different ways

Finish	Length	Cat. No.
Silver anodised	4100 mm	126.48.921
Stainless steel effect	4100 mm	126.48.924
