

LIBRA CONCEALED CABINET HANGERS

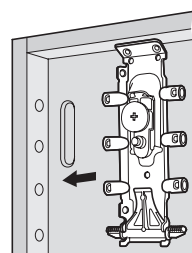

- > Features an innovative anti-turnover device
- > Cabinet hanger concealed behind rear panel, only cover caps visible inside the cabinet
- > A 3.5 x 20 mm lateral wood screw permanently secures the cabinet hanger in place (not provided)
- > Vertical and horizontal adjustment. The two movements are 100% independent of each other and therefore make the adjustments much easier and more efficient
- > Please note: The locking adjustment screw can not be accessed if round cover caps are fitted, order rectangular cover cap if access to all 3 adjusting screws is required

Libra H2 concealed cabinet hanger, dowels/screw mounting

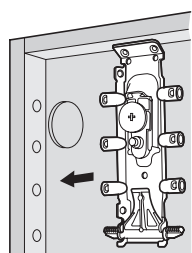

Recommended fixing screws Ø 3.5 x 20 mm

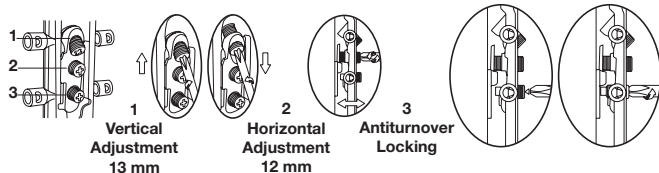

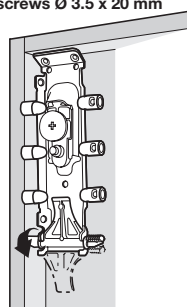

- > Unhanded
- > Slots into side cabinet by making four face borings and secured in position by rotating the locking pin with ridges 180°
- > Load carrying capacity 150 kg* per pair
- > Two-way independent adjustment:
Vertical adjustment: 13 mm
Horizontal adjustment: 12 mm
- > Zinc-plated steel
- > Order qty: 1 pc

Oval hole option to benefit by the antiturnover system

Round hole option without the antiturnover system (remove the red pin)

Please note: Cabinet hangers should only be adjusted with a hand tool and not a power tool
