Room Lighting: Pendant Lighting

EGLO Carlton 1 single pendant light

The Carlton 1 pendant light features a diamond-shaped black metal lampshade with an inner copper lining. The geometric apertures on the metal body create a fascinating play of light and shadow on the wall. The pendant light complements modern vintage-style interiors and works well in any space, whether in the living room or above the table in the dining room. The product requires 1x E27 lightbulb that is not included
