

We recommend that mains voltage lighting be fitted by a qualified electrician

EGLO Pasteri wall light

The Pasteri wall light features a metal body and a round fabric lampshade. The wall light has an adjustable reading light featuring an integrated LED, which produces a warm white light to provide focused lighting. The product has a simple design, which blends seamlessly with almost any interior design trend. The wall light can switch on or off easily using the rocker switch on the body. Whether in the bedroom or living room, the product provides cosy and practical lighting for your living space. The product has an E27 lamp holder and requires an E27 lightbulb, which is not included.
