

Cotton adhesive tape

- > For stabilising roller shutters
- > For glue fixing
- > Order qty: 1 pc

Length x Width	Cat. No.
50 m x 38 mm	442.06.500

Lock strip

- > For opening and closing the roller shutter, installation of commercial tambour door locks, inset handles or handles
- > With soft plastic lip for quiet closing and sealing
- > Weight: 400 g per meter
- > For inserting into the roller shutter, can be cut to size
- > Plastic
- > Order qty: 1 pc

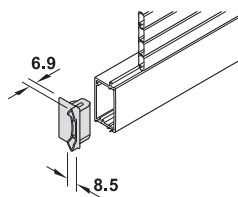

- > Note: The following solution is recommended to lock the tambour door:
 - > Roller shutter rim lock **232.30.620** (drill hole Ø 18 mm)
 - > Rose **219.19.677** (drill hole Ø 19 mm)
 The locking cylinder is 5 mm back compared to the rose

- > Installation reference:
 - With lock strips up to 500 mm long, fit inset handle or handle and lock in the centre of the lock strip
 - With lock strips longer than 500 mm, fit 2 inset handles/handles at the same distance to outer edge
 - The lock strip cannot be pushed round the bend

Length	Grey
2300 mm	442.06.270
