

HAWA-CONCEPTA III 25/35 PUSH - HANDLE-FREE SYSTEMS

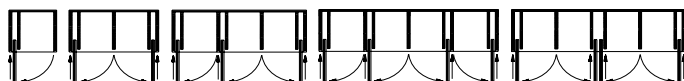

1

The clever design of Hawa-Concepta III, with re-developed technology means installation is simple and straightforward, with all adjustments carried out from the front, meaning no access panels are required. The omission of a floor channel offers optimum flexible room utilisation with no obstructions. Push-to-open function for handle-less cabinet designs.

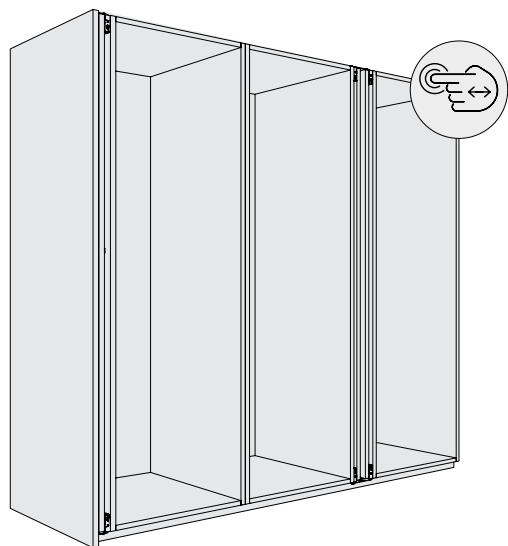

- > Suitable for room partitioning solutions as there is no need for a base panel and top panel in wall recesses
- > Sets are handed for left and right hand use
- > Wall recesses are concealed without the need for a cabinet
- > Allowing **handle-less operation**
- > Straightforward installation thanks to a high degree of pre-assembly
- > Ergonomic support for smooth, even movement
- > All adjustments are carried out from the front
- > Range:
 - Max. door weight **6-25 / 10-35 kg**
 - Door height from **1200-2200 mm (≤ 25 kg)** or **1900-2700 mm (≤ 35 kg)** depending on set use
 - Door width from **440-750 mm**
 - Door panel thickness from **18-26 mm**
- > Ensure accuracy in design and product selection by using the **Hawa configurator**
