Sash jammer for doors and windows

- > An inexpensive additional security device for uPVC windows and doors
- > Screws into the frame of the door or window and the arm locks over the opening part preventing it from being forced open
- > Does not compromise home safety by allowing quick escape in the event of an emergency
- > Can also be used to lock a letter plate flap to prevent unwanted mail
- > Suitable for inward and outward opening windows and doors
- > Zinc alloy
- > Order qty: 1 pc

Finish	Cat. No.
White	971.08.001

For maximum security on doors and large windows we recommend fitting 2 or more sash jammers

Mortice security bolts for windows are show on page 47
