

FESTOOL CORDLESS SCREWDRIVER + ORGANIZER

The cordless specialist for drywalling with plasterboards, chipboards or OSB panels. The DWC 18-4500 has high speeds for series screw connections with maximum efficiency – especially suitable for plasterboard. The compact design and the balanced centre of gravity ensure optimum weight distribution – even overhead.

- > For fastening plasterboards and wooden boards to metal and wooden substructures
- > Precision, wear-free electronic switch-off function for accurate insertion depths and a long service life
- > Energy-saving function for machine start/stop without actuating the main switch
- > Robust, brushless EC motor for maximum efficiency and durability
- > Rapid change to magazine attachment without using tools
- > Can also be used for single screw with the depth stop
