Functions

Touch controls:

Easy to use touch controls allow the appliance to be programmed at the touch of a button.

Time elapsed:

shows how long the cooking zone has been in use

Timer:

All ceramic hobs have a timer which automatically ends cooking after a preset time.

ECO-logic:

option allows you to restrict the power limit of the appliance real energy saving.

Ultra low:

option is ideal for melting chocolate or butter or simply to keep food warm.

Quick Start:

When the Quick Start function is selected, the chosen temperature is reached faster. The heating element works at maximum power until the right temperature is reached.

Child lock:

some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.
